MAC & ROSS
Chartered Accountants L.L.C

About Mac & Ross Chartered Accountants L.L.C

MAC & ROSS was registered & established in 2010, as an Audit firm licensed under Ministry of Economy, in the Emirate of Dubai, UAE.

MAC& ROSS is a member of the prestigious **RT ASEAN group**. The RT ASEAN, a Singapore firm with a network of accounting and professional services firms.

We are advisers & consultants for project Feasibility, Financial Planning, Mergers & Acquisitions, Staff selection, Formation of Companies and allied Commercial and Legal matters. We caters to a wide spectrum of clients ranging from Manufacturing, Construction to Services, Medical, Retail and Hospitality including VAT consultancy and filing.

We have **partnered with Taxilla**, a global leader in e-invoicing operating in 25+ countries, trusted by multinationals across key sectors. By combining Taxilla's proven technology with Mac & Ross's local expertise, we offer a reliable, scalable, and future-ready e-invoicing solution tailored to your needs.

We are also pleased to share that our registration with the FTA as an Accredited Service Provider is in process and expected to be approved soon. This will be positioning us to fully support clients in preparing for and complying with e-invoicing requirements.

Locations: Dubai, Abu Dhabi and Sharjah

Overseas office: India and KSA

Overview - UAE E-Invoicing

- The Federal Tax Authority (FTA) has outlined a strategic, phased roadmap for implementation, marking a major milestone in the UAE's digital tax transformation and alignment with global best practices.
- The UAE has adopted the 5-Corner Model and will utilize the Peppol network, a globally recognized platform used by multiple countries to enable secure and standardized e-invoicing.
- Ministerial Decisions No. 243 and 244 of 2025 detail the effective dates, phased rollout timelines, and operational requirements for e-invoicing adoption.

To help you better understand the impact E-invoicing in the UAE, we've highlighted below why E-Invoicing matters to your business and the key factors and timelines for which you should prepare for.

E-Invoicing Legislations

Legislation Name	Details
VAT Laws - Federal Decree-Law No. 8 of 2017 / Federal Decree-Law No. 28 of 2022 / as amended by Federal Decree-Law No. 17 of 2024	E-Invoicing Definitions
VAT Executive Regulations - Executive Regulation of Federal Decree-Law No. 08 of 2017	Article 59 and Article 60
Cabinet Resolution regarding eInvoicing Penalties	Cabinet Decision No. 106 of 2025
Ministerial Decision No. 64 of 2025 on the eligibility criteria and Accreditation procedure for Service Providers under the Electronic Invoicing System	Governs Accreditation procedure for eInvoicing Service Providers
Ministerial Decision No. 243 of 2025 on the Electronic Invoicing System	Governs E-Invoicing scope and procedures
Ministerial Decision No. 244 of 2025 on the Implementation of the Electronic Invoicing System	Provides detailed implementation timelines
Additional Guidelines Version 1.0	Issued in Feb. 2026

Introduction to UAE E-Invoicing

What is E-Invoicing?

E-invoicing is the digital exchange of invoice documents between suppliers and buyers in a structured, integrated electronic format. It involves the electronic generation, transmission, and receipt of invoices, replacing traditional paper-based methods entirely.

What E-Invoices Are NOT

E-invoices are not simply digital versions of paper invoices. The following formats do **not** qualify as compliant e-invoices:

- PDF or Word documents sent via email
- Image files (JPG, PNG, TIFF)
- Unstructured HTML invoices or webpages
- Scanned paper invoices, even with OCR

XML Format (PINT AE)

Structured data standard

DCTCE Model (5 Corner model)

Decentralized Continuous Transaction Control

Peppol Network

Certified access point exchange

Local Storage

All data stored within UAE

Scope of Application

Ministerial Decision No. 243 and 244 of 2025

Applies To

- All persons (natural or juridical) conducting business in the UAE in respect of every business transaction except exclusions
- Any other person or business transaction as determined by the Minister

Exclusions

- Any business transaction conducted by Government activities in sovereign capacity and which are not in competition with the private sector
- International passenger transport and ancillary services provided by airlines.
- International transportation services for goods provided by airlines (exclusion only provided for 24 months)
- Financial services which are exempt and zero-rated supplies
- B2C transactions (currently excluded, may be considered at later phase)
- Other exclusions as notified by the Minister

Critical Timelines

Implementation Phase	Revenue Criteria (Turnover)	ASP appointment date	Effective Date
Pilot	Selected group of businesses	N/A	1 July 2026
Phase 1	≥ AED 50 million	31 July 2026	1 January 2027
Phase 2	< AED 50 million	31 March 2027	1 July 2027
Phase 3 – Government Entities	N/A	31 March 2027	1 October 2027

❏ Note:

- Revenue refers to gross income earned during the most recent accounting period

Type of use cases for issuance of invoices

S. No	Use Case	Description
1	Standard Tax Invoice	Regular B2B invoice with VAT; used for domestic taxable supplies.
2	Reverse Charge	Supplies under Domestic RCM
3	Zero-Rated Supply	Applies 0% VAT (e.g., exports, international transport).
4	Deemed Supply	Transactions taxable without consideration (e.g., samples, company asset use).
5	Disclosed Agent Billing	A disclosed agent issues an invoice on behalf of the supplier.
6	Summary Tax Invoice	Multiple transactions consolidated in a period, mainly used for B2C in the future.
7	Continuous Supplies	For ongoing services or long-term contracts (e.g., rent, telecom).
8	Supply Involving Free Trade Zone	Sales from/to Designated Free Zones.
9	Supply through E-commerce	Supplies via digital platforms or marketplaces.
10	Exports	Supply of goods/services outside the UAE.
11	Margin Scheme	Applies to second-hand goods where VAT is on the margin only.
12	Standard Tax Credit Note	Issued to reduce value of a previously issued standard tax invoice.
13	Disclosed Agent Billing Tax Credit Note	Credit note issued under disclosed agency structure.
14	Commercial Invoice	Issued where a tax invoice is not required, e.g., exempt or out-of-scope supplies.
15	Self-Billing	Buyer issues invoice on behalf of supplier (by mutual agreement).
16	Self-Billing Tax Credit Note	Buyer issues credit note for overcharge or return under a self-billing agreement.

Mandatory Fields in an Electronic Tax Invoice (XML)

Invoice Details	Seller Details	Buyer Details	Document Totals	Tax Breakdown	Invoice Line
1. Invoice number 2. Invoice date 3. Invoice type code 4. Invoice currency Code 5. Invoice transaction type code 6. Payment due date 7. Business process type 8. Specification Identifier 9. Payment means type code	10. Seller name 11. Seller electronic address 12. Seller electronic identifier 13. Seller legal registration identifier 14. Seller legal registration identifier type 15. Seller tax identifier 16. Seller tax scheme code 17. Seller address line 1 18. Seller city 19. Seller country subdivison 20. Seller country code	21. Buyer name 22. Buyer electronic address 23. Buyer electronic identifier 24. Buyer tax identifier 25. Buyer tax scheme code 26. Buyer address line 1 27. Buyer city 28. Buyer country subdivision 29. Buyer country code	30. Sum of Invoice line net amount 31. Invoice total amount without tax 32. Invoice total tax amount 33. Invoice total amount with tax 34. Amount due for payment	35. Tax category taxable amount 36. Tax category tax amount 37. Tax category code 38. Tax category rate	39. Invoice line identifier 40. Invoiced quantity 41. Unit of measure code 42. Invoice line net amount 43. Item net price 44. Item gross price 45. Item price base quantity 46. Invoiced item tax category code 47. Invoiced item tax rate 48. VAT line amount in AED 49. Invoice line amount in AED 50. Item name 51. Item description

Penalties for Non-Compliance to UAE E-invoicing

No.	Violation Description	Penalty (AED)	Timeline
1	Failure to implement the e-invoicing system or appoint an Accredited Service Provider within prescribed timeline	5,000 per month or part thereof	Phase deadlines: July 31, 2026 / Jan 1, 2027 / March 31, 2027
2	Failure to issue and transmit an electronic invoice or credit note to the recipient through the e-invoicing system	100 per invoice (max 5,000 per month)	Within 14 days from date of supply or business transaction
3	Failure to notify the Authority of a system failure within prescribed timeline	1,000 per day of delay	Within 2 business days from occurrence of system failure
4	Failure to notify the appointed ASP of changes to data registered with the Authority	1,000 per day of delay	Within 5 business days from receiving confirmation of amendment

- ❏ **Risk Mitigation:** Early preparation and system implementation are essential to avoid accumulating penalties. Monthly and per-invoice penalties can quickly escalate for businesses with high transaction volumes.

UAE eInvoice-AR Application flow (Sending)

UAE eInvoice-AP Application flow (Receiving)

Custom Workflow: Validate with Supplier Masters and PO details, Accept, Accept and Route, Update Invoice Status back via Peppol network, send mail to supplier requesting additional info or documents via Taxilla robust portal.
Outcome: Potential 80%-time savings with proper setup

What is Invoice Response?

- Business-level message sent from Buyer to Seller to provide a structured update.
- Under query (UQ), Rejected (RE), Conditionally Accepted (CA), Paid (PD). Maximum time for the first response would be 3 working days from the date of receiving the invoice.
- For the seller: Allows for proactive management of cash flow and early initiation of actions when processing is challenged.
- For the buyer: Provides an automated way to keep the seller informed, reducing the need for manual inquiries.

Critical Considerations – Guidelines Issued in February 2026

Key clarifications from the February 2026 guidelines addressing specific business scenarios.

1

UAE E-Invoicing Applicability – Within Tax Group Transactions

E-invoicing requirement will be applicable inter-tax group transactions.

Temporary Grace Period for 24-month grace period effective from 1 January 2027. Applies to Business Transactions between members of the same VAT group.

Practical Consideration for VAT Groups and relaxation with grace period as Intra-group transactions often involve:

- High-volume recurring entries
- Complex internal pricing & settlements
- Centralized accounting / automated intercompany systems

2

UAE E-Invoicing Applicability – Investment Holding Companies

No E-invoicing compliance applicability: If revenue of holding company is exclusively passive & there are no Business Transactions - Not required to register for UAE Electronic Invoicing.

E-Invoicing applies if the Holding company:

- Recharges management or operational costs
- Recovers administrative expenses
- Allocates costs to related or third parties

Critical Considerations – Guidelines Issued in Feb 2026

Technical and operational clarifications for businesses implementing UAE E-Invoicing

3

Participant Identifier under UAE E-Invoicing

- TIN will serve as the Participant Identifier for companies under the UAE E-Invoicing
- Entities already registered for any tax type have TIN available.
- Un-registered persons for any tax must register with the FTA required to obtain a TIN.
- Tax Group clarification: Even if part of a Tax Group, the TIN will be derived from the first 10 digits of the individual entity's own TRN, not from the Tax Group representative's TRN.

4

Data Storage & Archival – E-Invoice Data Accessibility

- Electronic Invoices, Credit Notes, and related data must remain accessible, reproducible, and verifiable by the FTA throughout the statutory retention period.
- "Within the State" means the data must be readily retrievable and provided to the FTA upon request.
- Storage location is flexible and not limited to UAE - Records may be kept on servers, databases, or cloud systems, provided FTA access is ensured.

5

Generation of UUID

- UUID is a unique 128-bit number generated by ASP provider in addition to e-invoice sequential number

Next Steps - Your Action Plan

Understand revenue band and applicable phase

- Check your revenue band
- Identify your applicable phase
- Set ASP appointment cutoff
- Due date for mandatory Phase

Identify Stake Holders and budgeting

- Form a cross-functional team (Business, Finance, IT, Legal, etc.)
- Appoint Project lead
- Consider Budget

Selecting the right ASP partner

- Transformations
- Request or Invoicing, what they offer

Conduct Readiness Assessment

- Review current process
- Identify Gaps in data

Your Trusted Partner for UAE E-Invoicing Compliance

As you are aware that Mac & Ross has been a trusted, certified audit and tax advisory firm in the UAE for more than a decade now, helping clients navigate complex regulatory landscapes.

Further, we are proud to partner with Taxilla, a global leader in e-invoicing solutions operating in over 25+ countries. This alliance allows us to deliver a comprehensive, end-to-end solution for E-Invoicing compliance in the UAE. Together, we offer:

Expert Local Guidance

Deep understanding of UAE VAT, FTA procedures, and compliance frameworks.

Proven Global Technology

Taxilla's battle-tested compliance platform, trusted by global enterprises.

End-to-End Support

From system readiness and ASP integration to user training and continuous compliance monitoring.

Further, we are also pleased to inform you that our registration with the FTA for Accredited Service Provider is currently in process, and we are fully aligned to support clients in preparing for and complying with E-invoicing.

How Mac & Ross Will Support You

We're here to simplify the transition and ensure your business is prepared:

- Roadmap for implementation & impact analysis
- System assessment, readiness checks, and gap analysis
- Integration with Approved Solution Providers (ASPs)
- Generation of structured e-invoices and credit notes
- Ongoing compliance monitoring and updates

We strongly encourage you to begin preparations early to ensure a smooth transition and full compliance with FTA deadlines without disruption. We would be delighted to connect with you personally, understand your specific needs, and guide you step by step through the E-Invoicing process. Our team is committed to supporting you throughout, making the transition seamless, efficient, and tailored to your business.

For questions or to book an introductory session, please don't hesitate to contact us.
